ACIT 4850 – Enterprise System Integration – Winter 2026

Lesson 12 – GitLab CI (Again)

For Lesson 12 we will be adding more functionality to our GitLab CI Python pipeline to make it more equivalent to our Jenkins pipelines. Please read the following on GitLab CI for the Lesson 12 class:

CI/CD Variables: https://docs.gitlab.com/ee/ci/variables/

Job Control: https://docs.gitlab.com/ee/ci/jobs/job_control.html

CI/CD Components: https://docs.gitlab.com/ci/components/ (Note: Previously we used templates which are now deprecated)
